JUBILATE DEO
(Psalm 100)

O be joyful in the Lord, all ye lands:
serve the Lord with gladness, and come
before his presence with a song.

Be ye sure the Lord he is God: it is he
that hath made us, and not we ourselves;
we are his people, and the sheep of his
pasture.

O go your way into his gates with
thanksgiving, and into his courts with
praise: be thankful unto him, and speak
good of his Name.

For the Lord is gracious, his mercy is
everlasting: and his truth endureth from
generation to generation.

INTRODUCTION

Whilst researching the history of my family, I discovered connections with Delgany Parish. Having collaborated previously on the Bunclody Union records, the recently arrived Rector of Delgany readily accepted my offer to transcribe the registers using a word processor. The registers will be transcribed as a series of volumes covering the period 1666-1900 ; this is [Volume 4](#) covering the period [1840-1865](#). As with all documents of this nature the original should be consulted to confirm that entries have been transcribed and indexed accurately.

The following specific points should be borne in mind when using the transcript:

Dates All dates have been standardised as follows; day in numbers, month in three letters (abbreviated as necessary), year. [Obvious errors are shown in bold.](#)

Legibility and Spelling In cases of doubt, the spelling of surnames has been checked against other entries in the index; variations in the spelling of the same surname have been noted. Indecipherable details are marked with a ?

Illiteracy Those who made a mark in the registers are indicated by an 'x' after their name.

Additional Information Marginal notes and comments from the Registers appear in the text or as footnotes.

Chronological Discrepancies Entries out of chronological order by more than a week or so are in *italics*.

The Index The index lists in alphabetical order all persons who were baptised, married and buried at Delgany over the period [1840-1865](#). Where circumstantial evidence points to entries for more than one event for the same person, they have been included on the same line in the index. In the absence of any such evidence they have been listed separately. Abbreviated Christian names have been transcribed exactly as they appear in the Register. For burials, infants/foundlings have been assumed to be less than a year old.

Transcriber's Observations [An error in the Register of Baptisms in 1845](#) means that some entry numbers are repeated ; the second sequence is shown in 10 pt eg 203 to aid identification.

History of the Church and Parish The recently published [Christ Church Delgany 1798-1990 - Between the Mountains and the Sea](#) by Judith Flannery (Select Vestry of Delgany Parish, 1990) is a comprehensive and very readable book on the subject. The details of clergy are based on the relevant lists in [Clergy of Dublin and Glendalough](#) by Canon J B Leslie and W J R Wallace (Ulster Historical Foundation and the Diocesan Councils of Dublin and Glendalough, 2001).
