## **RB GENERAL UNIT TRUST (REPUBLIC OF IRELAND)**

***Summary of Report and Financial Statements***

***Six months ended 31 December 2019***

## **WHO MAY INVEST IN THE RB GENERAL UNIT TRUST (RI)**

The RB General Unit Trust (RI) is open to charitable trusts donated and bequeathed to, or accepted by, The Representative Church Body (RCB) for specific/general purposes of the Church of Ireland and for parishes and dioceses in the Republic of Ireland.

It is also open to trust funds administered by trustees other than the RCB where the specific purposes of the trusts are for the benefit of the Church of Ireland.

The RCB must receive all necessary documentation/information (copy of will or governing instrument, terms of trust, etc) prior to date of investment.

In some instances the RCB may request a disclaimer to be completed by a parish, diocese or other trust fund prior to investment in order to indemnify The Representative Church Body in its role as trustee, fund manager and administrator.

Inquiries or clarification on the acceptance of new trusts should be addressed to the Head of Trusts, The Representative Church Body, Church of Ireland House, Church Avenue, Rathmines, Dublin 6 (telephone + 353 1 4978422).

## **RB GENERAL UNIT TRUST (RI)**

### **STATUS**

The Trust was established on 1 January 1991 under a Deed of Trust granted by the Commissioners of Charitable Donations and Bequests for Ireland (the “Charity Commissioners”) in accordance with the statutory provisions of the Charities Act, 1961.

### **FUND OBJECTIVE**

To maintain and ideally grow the capital value of a unit over time while paying a stable, sustainable and competitive distribution rate.

### **VALUATION**

The Trust portfolio is valued at market prices at the end of each month and the price of new units acquired reflects the income accrued by the Trust in the period.

Unit prices are available from the Church of Ireland website

<https://www.ireland.anglican.org/about/central-offices/investments/valuation-calculator>) and are updated quarterly. Valuations are also available upon request to the RCB Finance Department for year-end accounts and audit confirmation purposes. All valuation queries should be directed to [unittrusts@rcbdub.org](mailto:unittrusts@rcbdub.org).

### **PURCHASES/SALES**

Units in the Trust may be bought or sold on the first day of every month at the then quoted “bid” and “offer” rates.

### **INCOME**

Distributions are paid twice a year (in December and June). Income acquired on new units on any issue date is reflected in the unit distribution at the end of the distribution period. Income accrued since the previous distribution date is not reflected in the price of a unit when units are sold.

### **CHARGES**

A charge of 1% to cover market transaction costs is included in the purchase price of new units. No charge is made on unit sales.

The costs of administering the Trust are borne by The Representative Church Body. However, in order to defray these costs, a 5% charge on the distributed income of the Trust is taken (subject to the maximum permitted under the Trust Deed approved by the Charity Commissioners).

### **TRUSTEE AND MANAGER**

The Representative Church Body (which is an incorporated trustee body for the Church of Ireland with full charitable status) is Trustee under the terms of the Trust Deed approved by the Charity Commissioners.

The Investment Committee of The Representative Church Body, and its investment team, formulate investment policy and manage the Trust on behalf of the Trustee.

## MANAGER'S REPORT – SIX MONTHS TO 31 DECEMBER 2019

### Investment Performance

During the calendar year 2019, the capital value of the Fund increased by 15.1% while the total return (capital and income) was 18.6%. Performance is below benchmark as a result of the Fund's deliberate lower risk profile in the midst of the on-going bull market in global equities and a lack of exposure to growth stocks e.g. high multiple Tech and growth stocks. The Investment Committee, as part of its oversight and supervisory duties, has endorsed this strategy which has, over time, delivered against the fund's objective.

During the six months under review, the total return of the fund was 8.3% versus a benchmark return of 7.3%. Performance was ahead of benchmark mainly as a bias in exposure to certain UK and Irish stocks which had performed poorly in the earlier part of 2019 recovered strongly as Brexit uncertainty dissipated. The Fund manager believes that the Fund is better positioned for a market downturn relative to the benchmark.

Annualised total returns of the Trust compared with the Fund Benchmark and inflation over the past five years (as at 31 December 2019) were:

Annualised Total Returns %:	6 Months	1 Year	3 Years	5 Years
RB General Unit Trust (RI)	8.3	18.6	5.6	7.0
Benchmark*	7.3	21.3	7.3	7.2
RB General Unit Trust (RI) Capital	7.0	15.1	2.3	3.5
ROI Inflation (CPI)	-0.1	1.5	0.9	0.5

\* Benchmark from 1 January 2019: Equities 65%, Bonds 30%, Cash 5%  
(50% Stoxx Europe 600, 15% S&P 500, 20% Euro broad market, 10% Sterling broad market, 5% Cash).

30 June 2019	392.23c	58,185,480	€228.22 m
31 December 2019	419.60c	58,072,324	€243.67m

## Dividend Policy

The Trust has a dividend reserve policy that targets a level of 2% of Fund value. The Dividend Equalisation Reserve (DER) will not be allowed to exceed 4% of Fund value and at least 80% of net income in any individual year will be distributed to unit holders. A healthy reserve aids the management of a stable and sustainable distribution going forward.

For the 6 months to 31 December 2019 a transfer of €0.375m was made to the Dividend Equalisation Reserve resulting in a DER of €5.72m or 2.3% of the net asset value of the fund.

## Income Distributions

The ex dividend and payment dates and the cent per unit paid by the Trust for the 6 month period were:

Half year to	XD date	Payment date	Cent per unit
31 December 2019	30/11/19	31/12/19	4.2c (4.2c)

The December distribution was maintained at the 2018 level of 4.2 cent per unit resulting in a total distribution for the calendar year of 11.5 cents per unit (unchanged).

## Current Yield

Based on the value of a unit at 31 December 2019 of €4.196, and a full year distribution of 11.5 cent, the distribution yield was 2.74%. (The comparative figures for 30 June 2019 showed a yield of 2.93% based on a unit value then of €3.92 and a full year distribution of 11.5 cent). Note: As the price of a unit increases the distribution yield falls.
